Resilience Retainer

More than a typical incident response retainer; a flexible, transparent, outcomes-driven preparedness and resilience program.

Battle-tested expertise & frontline threat intelligence

9,000+

incidents investigated

1,000+

tabletop exercises orchestrated

200K+

hours of pen tests delivered annually

1,000+

threat hunts conducted annually

8M+

endpoints under global SOC oversight

The Forrester Wave™: Cybersecurity Incident Response Services, Q2 2024 recognized Aon as a Leader. This recognition was awarded based on the capabilities of Stroz Friedberg, which is part of LevelBlue as of 2025.

Flexibility and transparency for maximum value

Rapid, Prioritized Response

Guaranteed 24x7 response, with SLAs as rapid as 1 hour and no technology requirements (EDR, SIEM, etc.).

No Money Loss (and No "Gotchas")

The Resilience Retainer draws on funds instead of hours so clients get maximum value, has no minimum usage requirements, and it includes a 100% rollover allowance.
